

### **Our vision:**

Living Hope is a Word-rooted, Spirit-empowered, culturally-engaged church that seeks to bring: salvation to the lost, healing to the hurting, and the training of leaders to help reach the world for Jesus Christ.

### **Our long-term objectives:**

At Living Hope Church we are trusting God to see the following accomplished:

- **Worship services** that combine the power of the Word and the freedom of the Holy Spirit.
- **Community groups** throughout the 5-county radius of our property that provide biblical content, prayer, and real life connection with one another.
- **Prayer appointments** where people experience significant progress and breakthroughs in their relationship with God.
- Fully functioning **discipleship** ministry that helps people mature from a spiritual child, all the way to a reproducing spiritual adult (based on 1 Jn. 2:12-14).
- Active **children, youth, and parenting** ministry that reaches families with the Gospel.
- **College ministry** that equips students to live for Jesus and serve Him the rest of their lives.
- **Leadership institute** that trains, equips and develops people into godly, biblical leaders.
- **Church planting** in the Athens' area and around the world.
- **Christian preschool** that reaches many children and their families with the Gospel of Christ.
- Involvement in the Northeast Georgia **food bank** to practically show the love of God to needy persons.
- **Mentoring program** for children of broken homes or absent fathers.
- **Outreach** in word and deed, financed by our commitment to give 10% of all dollars given to Living Hope.
- Partnership with the **Athens School of Ministry and Worship Arts** to where they use part of our facility and we engage people in ongoing classes and prayer ministry.
